

Midget Cylinders ZM/6000 & ZM/7000

Ordering Examples :

To order a basic Cylinder without mounting, quote the model number and stroke length in millimeters, e.g ZM/6020/75 is a 20mm bore cylinder having a stroke length of 75mm. If a mounting is required to be supplied fitted to the cylinder add The mounting style suffix to the end of the number, e.g. ZM/7025/10/F is a 25mm bore cylinder having a stroke length of 10mm and fitted with a piston rod clevis mounting style 'F'. If a mounting is required on its own, quote the reference shown in the tables overleaf, e.g ZQM/978 is a Front Hinge Mounting style 'M' for an ZM/6020 or ZM/7020 cylinder.

Model	Action	Port Size	Bore	A	AF	AH	B	DD Thread	H	L	LI	P	LR

*1 – 25mm stroke or less
 *2 – Over 25mm stroke +, 2 x stroke + (J)

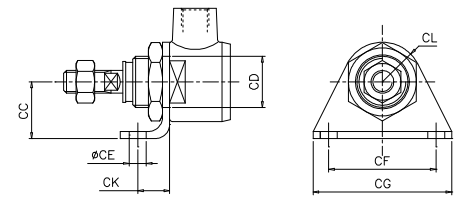

Stock Strokes :

The ZM/6000 and ZM/7000 Midget cylinders are available in stocked stroke lengths as detailed in the table opposite at reduced prices. The ZM/6020 and ZM/6025 are also available in non-stock stroke lengths up to 300mm and 400mm respectively. Stocked stroke lengths are not available for the ZM/6020/J and ZM/6025/J versions.
